

TRANSERVICE REPORT #1

November 21, 2008

Transervice Collective Agreement

CEP Ontario and Quebec delegates met with the Company November 17th and 18th to update the Collective Agreement. The meeting was productive, allowing both parties to review contract language and discuss the intent and practices of various Articles.

Additional time is needed to complete the update process.

Once we finalize the review, your Committee will notify the field of ratification dates.

Please note, with the holidays approaching and multiple schedules to coordinate, we will do our best to complete the review via conference calls, when practicable. Face to face meetings, if needed, will be as early as possible in 2009.

In Solidarity,

Chris Nascimento
